Years in child life: 2.5 years

No

Nominee's Educational background: Bachelors of Science Degree in Child Development from Central Michigan University

Experience related to child life and/or the position being nominated for:

I have been with the child life team at Helen Devos for two and half years working with the peds oncology/hematology population on the 9th floor as well as cystic fibrosis, and varying populations on the 6th floor. Up until January of 2018 I also worked with the 8th floor PICU assisting the CCLS with trauma and bereavements. For the last year I have also been representing the title of Child Life Assistant at Large roll and have been honored to do so.

Why would this person be a good candidate for this position? I would be a good candidate because I would be able to help with the 2019 CLA summit, with having experience with it before and helping out the fellow Child Life Assistant at large, I would have the connections and ideas to help with it. I also have had a year to experience this position and would love to continue to help another year. I also love getting to help and spread more on the word of the child life assistant position and what we do.
