**Child Life:
What is that?**

Certified Child Life Specialists (CCLS) help children cope with illness and hospitalization. They do this through educating the child and family about the illness and subsequent procedures along with teaching distraction and relaxation techniques.

**Career Day:
What to Expect**

A brief overview on the role of the Certified Child Life Specialist. The session will focus on how we help children and families cope with and master illness and hospitalization along with the steps necessary to pursue a career in the field of child life.

**YOU MUST
RSVP!!**

For questions or to register, please contact **Lauren Goroff** by **January 5, 2018** at **goroffl@med.umich.edu**. Confirmation and directions will then be e-mailed to you.
