

# SEASONAL POSITION: PSYCHOSOCIAL TEAM

*Join the team that makes camp good medicine*

Time commitment: late May - early August

As part of the FHF Psychosocial Team, you get to experience time with patients in a completely new environment and watch them embrace more. With you, every kid is safe to explore and experience more in the camp setting. Become part of a community that provides campers the opportunity to experience joy and relief at camp.

## DETAILS & BENEFITS

- Clinical field experience required
- Housing and meals provided during programming
- Hands-on psychosocial experience in a medical specialty camp setting
- Opportunity to reduce clinical burnout
- Direct collaboration with interdisciplinary professionals and trained volunteers
- Opportunities to strengthen skills in child development, trauma-informed care, and camper centered empowerment
- Meaningful mentorship and professional development for advanced students
- Rewarding experience that reconnects you to purpose, joy, and impact of your work
- Ask us how we can meet your course or clinical credit needs
