2026 GLACLP Webinar
Post-Completion Assessment

According to the ACLP Certification Maintenance and Recertification Manual, recorded sessions and internet-based activities require a post-assessment to be eligible for PDUs. This "helps to determine if the participant has met the course objectives and the effectiveness of participation and whether additional study is needed" (p.8). Please save and print this form for recertification, as you will not have access to it after December 31, 2025.
